# OUR COMPANY

Our company was founded by the Favaro family in 1987, specializing in screen-printing. It soon penetrated the Italian market thanks to sound family management and entrepreneurial spirit, in the best tradition of family businesses in the North-East of Italy.

Our company's steady growth has been constantly supported by investments in new technologies and research. Over the years we have introduced innovative production systems and cutting-edge automated machinery. We have expanded our production and stocking areas.

We have created a wide-ranging catalogue, regularly updated with the addition of new products. Thanks to our e-commerce system, we have penetrated new markets.

Today PIXLEMON is led by Christian Favaro, the founder's son. The founder, Danilo Favaro, remains a valued mentor in the company's life. Our headquarters are in the North-East of Italy, not far from Venice.
